2. LOCATION PROFILE

Indicate the location of the project site (specific address and property description of the site):

Property status (i.e., owned, leased, being purchased; attach proof of ownership [copy of deed with signature sheet and legal description] or written permission from property owner and their ownership proof [copy of deed with signature sheet and legal description]):

SOLID WASTE MANAGEMENT DISTRICT	COUNTY
---------------------------------	--------

All applicants are to answer the following questions or provide an explanation as to why the items are not applicable to their proposed project. Provide as much information as you can to ensure the evaluators have a full understanding of the project.

3. PROJECT DESCRIPTION

Describe the proposed project and its objectives; include material to be used, description and dimensions of project area.

Explain why there is a need for the project and its current status.

Describe the number of people served by the project and the approximate geographic area of Missouri that will benefit from the project.

4. MATERIAL SUMMARY, 4a. MATERIAL TYPE, 4b. MATERIAL SUPPORT, 4c. MATERIAL COMMITMENT

Indicate the percentage of Missouri scrap tires used in a scrap tire material vendor's product and attach written documentation from them certifying the percentage.

Indicate the type of material to be used in your project (tiles/mats/pour-in-place, or molded product[s]).

Describe the base material for tiles/mats, pour-in-place material or molded product(s) to be used in your project.

Indicate number of quotes, certification statements, contracts, purchase orders, etc. received from department-approved scrap tire material vendors.

5. MEDIA EXPOSURE

Provide a plan to seek media exposure for this project.

Indicate the types of mediums you intend to use for media/public exposure of project.

6. RECYCLING EDUCATION

Provide a plan to use the project as part of a recycling program to teach students or children the benefits of recycling.

7. COOPERATIVE EFFORTS WITH YOUR SOLID WASTE MANAGEMENT DISTRICT (SWMD)

Provide information regarding any other funding received from your SWMD for this project.

Indicate if your SWMD has committed to involvement with the project through presentations/event attendance (provide SWMD commitment documentation).

Indicate if your SWMD has only provided an endorsement letter in support of your project.

Indicate if your SWMD has no intention of being involved with or provide endorsement of your project.

8. SCOPE OF WORK/TIMELINE

Identify project tasks by number and describe each task and length of time to accomplish the task. Project tasks are the actions taken to achieve specified project objectives. Identify which personnel are responsible for each task. Indicate tasks on time line graph below:

8a. TIMELINE GRAPH (You may use the example provided below or create your own timeline, provided it supplies the required information.)

The Scope of Work tasks must be the items on the vertical axis of the timeline graph. The project period will be stated on the Financial Assistance Agreement of the grant. Due to the variable nature of the financial assistance negotiation process, it is not possible to predict the project start date. For this reason, the months on the timeline are referred to as numbers 1-13, not as January, February, etc. Add additional task spaces, if needed.

9. BUDGET

Complete the budget summary below showing the total cost of the proposed **non-playground** scrap tire surface material/molded product project. **Grant funds are eligible for scrap tire material/molded product(s), installation (by vendor) and delivery costs only.** Consulting/engineering fees, site preparation/labor, material containment/support, etc. are costs **not eligible** for grant fund reimbursement and should not be included in the budget summary.

Grant recipients requesting mats/tiles, pour-in-place surface material, molded product(s), or rubber mulch will be eligible to receive up to \$50,000.

Note: The budget summary will be used as the basis for the grant agreement and reflects the maximum amount for which the recipient may be eligible for reimbursement. If an applicant receives a grant award based upon additional scoring of points due to the recipient's intent to purchase additional scrap tire surface material, the recipient will only be eligible to receive reimbursement based on the percentage of the actual project cost.

9a. SUPPORTING DOCUMENTS

Preliminary Project Design

Provide a diagram of the area where the scrap tire surface material/molded product will be used. Include dimensions of the area and type of scrap tire surface material or molded product(s) to be used. Mats/tiles, pour-in-place material or molded product(s) **must be** placed on asphalt, concrete or other suitable support material. Provide detailed information about the support material (mats, tiles, pour-in-place, molded product[s]) to be used. All scrap tire material projects must conform to the manufacturer's specifications.

APPLICATION CHECKLIST

Before submitting your application, please complete this checklist. Only if the applicant can answer "Yes" to all questions on this form should the application be submitted. **Evidence substantiating each "Yes" answer in the checklist must be included in the application and be referenced on the checklist.**

Criteria	Yes	Where Documented (Page Numbers)	Department's Compliance Test (Department use only)
1. Is the certification statement below signed and dated by the authorized official or their designated signature authority representative?			
2. An original copy of the signed application attached in salesforce or mailed?			
3. Is the project located in Missouri?			
4. Is the applicant profile complete?			
5. Is the location profile complete?			
6. Is the project description complete?			
7. Is the material summary complete?			
8. Is the media exposure complete?			
9. Is the recycling education complete?			
10. Is the Solid Waste Management District cooperative effort complete?			
11. Is the scope of work complete?			
12. Is the time line graph complete and in the proper format?			
13. Is the budget complete and shows costs for scrap tire surface material/molded products, only?			
14. Is support documentation for the budget and design provided, as required?			
15. Is the amount of assistance requested \$50,000 or less for mats/tiles or pour-in-place material, or \$30,000 or less for molded product(s)?			

I hereby certify that the information in this application is true and correct. I further certify that the organization that I represent has sufficient resources to conduct this project while awaiting reimbursement from the department.

Further, I certify compliance that the instructions have been reviewed and the applicant agrees to the terms and conditions in Attachment #1.

Non-playground Scrap Tire Surface Material Grant Application Instructions for Form 780-2144

- Information about who may apply for non-playground scrap tire surface material grants.
- A description of non-playground scrap tire surface material grants.
- The amount of available funding.
- Detailed requirements and procedures for applying for a grant.
- Application instructions.
- Evaluation criteria.
- A list of approved scrap tire material vendors.
- [A Solid Waste Management District map and list of Solid Waste Management District contacts.](#)

Please reference the general terms and conditions located in [Attachment 1](#).

Types of projects eligible for funding upon award under this announcement

Any project that uses a product made from at least 40 percent Missouri generated scrap tires, such as picnic tables, benches, mats for weight rooms, vegetative mats, stall mats, running tracks, mulch, etc. Projects that are not eligible under this grant call are playground projects.

Who may apply for a non-playground scrap tire surface material grant?

Public school districts, private schools, park districts, nonprofit day care centers, other nonprofit entities and governmental organizations other than state agencies are eligible to submit applications. Privately owned, residential backyard areas, and private in-home day care centers **are ineligible**.

Assistance is available only for those projects located **within the state of Missouri**. Applications may come from an individual school within a public school district or individual park within a park district or city/county boundary; however, the Missouri Department of Natural Resources reserves the right to limit the number of grants a school, park district, city/county can receive.

Prior recipients of scrap tire surface material grants **are ineligible** during this grant cycle **unless** an expansion to the prior surfaced area is planned or a different location or area will be surfaced. Prior surfaced areas **cannot** be repaired or upgraded with grant funds.

Evaluation

Evaluation criteria are used to score all applications. Once all grant applications are evaluated and scored, should multiple applications receive the same score, the department shall break such tie by assigning each application a number and selecting numbers in a random draw until grant funds are exhausted.

Note: The department reserves the right to deny funding to anyone convicted of defrauding the department; has failed to honor a previous contractual agreement or covenant with the department; has substantially failed to meet the minimum performance criteria of a previous project funded by the department due to mismanagement, deception or negligence; or has documented less than satisfactory performance in the administration of a previous department grant.

Information about eligible non-playground scrap tire surfacing materials

The department is accepting applications that promote the use of recycled scrap tire materials for running tracks, walking trails, livestock stalls/riding areas, picnic tables or benches, or other similar projects or products. Playground projects **are ineligible** under this grant call. All grant recipients will be required to purchase scrap tire material or products from manufacturers that use at least 40 percent Missouri generated scrap tires in their material or product. A list of known vendors is provided with these instructions. Mats/tiles, pour-in-place material or molded product(s) must be placed on asphalt, concrete, or other suitable surfaces determined adequate by the scrap tire material vendor. All surface material projects must conform to the manufacturer's specifications and be approved by the department.

Amount of non-playground scrap tire surface material funding available

Approximately \$450,000 is available during the FY19 grant cycle for scrap tire material grants for running tracks, walking trails, equine/livestock stalls/riding area or similar types of surfacing projects or molded products. Grant

recipients requesting mats/tiles, pour-in-place surface material, molded product(s), or rubber mulch will be eligible to receive up to \$50,000.

Financial assistance agreement and reimbursement of allowable expenditures

Non-playground scrap tire surface material grants are paid on a reimbursement basis. Purchases and expenditures of grant funds cannot occur until a Financial Assistance Agreement (FAA) between the grant recipient and the department has been signed. The grant recipient is responsible for making all payments for the project. Reimbursement may then be requested solely for the purchase, vendor installation and delivery of the non-playground scrap tire surface material. Grant recipients will be reimbursed only after the non-playground scrap tire surface material is installed and verified by a department inspector and all required documentation is submitted and approved by the department project manager. The term of all non-playground scrap tire surface material grants is one year as indicated in the FAA.

Submission of application

It is highly encouraged that applications are submitted through the department Funding Opportunities online portal at <https://modnr.force.com>. To receive access to the portal, complete and submit the Access Request form located at dnr.mo.gov/fundingoppportal.htm. Please allow for 24 – 48 hours for your request to be processed.

Applications may also be submitted via USPS or other freight carrier or may be hand-delivered.

Mail application to:

Missouri Department of Natural Resources
Waste Management Program
P.O. Box 176
Jefferson City, MO 65102-0176

Deliver application to:

Missouri Department of Natural Resources
Waste Management Program
1730 E Elm Street
Jefferson City, MO 65101

Applicants must ensure the application form is signed and dated by a duly authorized individual and all supporting documentation is included.

Application deadline is as follows:

- Online Portal – Application must be fully submitted with all attachments by 5 p.m. June 30, 2020.
- USPS or other freight carrier – Application must be postmarked by June 30, 2020.
- Hand-delivered – Must arrive at the department by 5 p.m. on June 30, 2020.

Applications will not be accepted via fax or email. Applications and supporting documents received after the deadline indicated above are ineligible for evaluation and funding.

Non-playground scrap tire material or products vendor

The following is a list of vendors known to the department whose scrap tire material uses at least 40 percent Missouri tires in their product. The department in no way endorses the services of these businesses, but provides this list for your information. The businesses are listed in no specific order. The department assumes no liability or responsibility for the quality of scrap tire material. Applicants should require from the manufacturer that the scrap tire material be relatively free of foreign material such as protruding metal, loose wire, rocks, wood, etc. The department suggests applicants request samples of the scrap tire material and consult with vendors regarding proper depth, containment, support, and site preparation. Because manufacturers use different processes and feed stocks, the scrap tire material from each vendor may vary.

NOTE: If a quote is received from a vendor not on this list, it is possible scoring points will be deducted as vendors not provided on this list have not been verified by the department as using at least 40 percent Missouri tires in their product.

Evaluation Criteria

1. Applicant Profile and Checklist.

Eligible or Ineligible	The required original signed and dated application, including required supporting documentation with the exception of the non-profit documentation, and a completed and signed checklist were submitted. As well as proof of ownership or the owner's signed, written permission and ownership proof are included in the application.
-------------------------------	---

2. Location Profile.

10Points	The exact physical location of the project within the property description provided.
5 Points	The exact physical location of the project within the property description provided is not provided or cannot be determined from the application.

3. Project Description.

15 Points	This portion of the application is complete. The proposed project is described adequately to enter into a financial assistance agreement. The application includes the type of material to be used, the dimensions and complete description of the area(s) to be surfaced. This portion describes the need for the project, its current status and the approximate geographic area that will be served by the project.
-----------	--

10 Points	This portion of the application is substantially complete, but a minimal amount of additional information is needed.
5 Points	This portion of the application is somewhat complete, but a significant amount of additional information is needed.
0 Points	This portion of the application is substantially incomplete.

4. Material Summary. The project must use at least 40 percent Missouri generated scrap tires to be eligible documented by dated copies (must be current), on company letterhead, of surface material vendor letters, quotes, contracts, purchase orders, etc.. Bids must specify the minimum percentage of Missouri generated scrap tires used in their product(s).

15 Points	Project uses 100 percent scrap tires generated in Missouri (vendor source documentation provided).
5 Points	Project uses more than 40 percent scrap tires generated in Missouri but less than 100 percent (vendor source documentation provided).
Ineligible	Project does not use scrap tires generated in Missouri or vendor does not provide certification or documentation of the percentage of Missouri generated scrap tires used in their product.

4a. Material Type.

15 Points	Project uses mats/tiles, pour-in-place surface material or uses other molded product(s).
10 Points	Project uses some combination of mats/tiles or pour-in-place, along with loose surface material, or other molded product(s).
5 Points	Project uses loose surface material only.
0 Points	There are concerns about the appropriateness of the surface material used or the applicant does not describe the type of surface material to be used.

4b. Material Containment/Support.

15 Points	The described method of containment for the appropriate depth of loose surface material is adequate or project uses mats/tiles or pour-in-place surface material on a concrete, asphalt or other suitable surface or uses other molded product(s).
5 Points	There are concerns about the adequacy of the described containment or surfacing.
0 Points	The applicant does not describe any type of containment of the loose surface material or does not describe the support surface on which the mats/tiles or pour-in-place surface material or molded product(s) will be placed.

4c. Material Commitment (documented by copies of surface material vendor letters, quotes, contracts, purchase orders, etc.). Bids must specify the minimum percentage of Missouri generated scrap tires used in their product(s).

15 Points	Application includes at least three quotes from scrap tire material vendors.
10 Points	Application includes one or two quotes from scrap tire material vendors.
5 Points	Application only lists those scrap tire material vendors that will be targeted for the project, but does not provide any quotes from the scrap tire material vendors for the project.
0 Points	Application contains no information about scrap tire material vendors to be used on the project.

5. Media Exposure.

10 Points	Application includes at least four types of media/public exposure events/documents (i.e., email, brochures, newspapers, website, radio).
5 Points	Application includes one to three types media/public exposure events/documents (i.e., email, brochures, newspapers, website, radio).
0 Points	Application includes no media/public exposure events/documents (i.e., email, brochures, newspapers, website, radio).

6. Recycling Education.

10 Points	This portion of the application is complete (includes solid waste management education that will be incorporated into the school's curriculum or into informational material to be provided to the public by the grant applicant).
0 Points	Significant areas of this portion of the application are incomplete.

7. Cooperative Efforts with Solid Waste Management District.

15 Points	The Solid Waste Management District has committed to involvement with the project through presentations/event attendance (district documentation provided).
10 Points	The Solid Waste Management District endorses the project (district documentation provided).
0 Points	No involvement or endorsement from the Solid Waste Management District.

8. Scope of Work/8a. Timeline.

15 Points	Project tasks, actions needed to complete the tasks and key personnel responsible for tasks are provided. The scope of work and timeline coincide. The project is likely to be implemented in a timely manner.
5 Points	There are concerns about the project being implemented in a timely manner (portions of scope and timeline coincide).
0 Points	The project is unlikely to be implemented in a timely manner (scope and timeline do not coincide or tasks do not adequately describe completion of the project).

9. Budget/9a. Support Documentation.

15 Points	The budget is complete and supported by three or more scrap tire material vendor quotes.
10 Points	This portion of the application is substantially complete, but additional information is needed or less than three scrap tire material vendor quotes were provided.
0 Points	The budget is not mathematically accurate or is missing information.

10a. School district percentage of student population below the poverty level (based on DESE data).

30 Points	School district's student population poverty percentage is greater than 75 percent.
15 Points	School district's student population poverty percentage is greater than 50 percent and up to 75 percent.
10 Points	School district's student population poverty percentage is greater than 10 percent and up to 50 percent.
5 Points	School district's student population poverty percentage is less than 10 percent.

or

10b. Entity's (other than schools) percentage of poverty level (based on Missouri Census Data Center data by county).

30 Points	Zip code's poverty percentage is 40 percent or higher.
15 Points	Zip code's poverty percentage is 25 percent up to 40 percent.
10 Points	Zip code's poverty percentage is 10 percent up to 25 percent.
5 Points	Zip code's poverty percentage is one percent up to 10 percent.
0 Points	Zip code's poverty percentage is less than one percent.

11. Tie Breaker. Once all grant applications are evaluated and scored, should multiple applications receive the same score the department shall break such tie by assigning each application a number and selecting numbers in a random draw until grant funds are exhausted.

Nothing in this document may be used to implement any enforcement action or levy any penalty unless promulgated by rule under chapter 536 or authorized by statute.

Attachment #1
Missouri Department of Natural Resources Waste Management Program
General Terms and Conditions
Scrap Tire Surface Material Grant

I. Administrative Requirements

These general terms and conditions highlight requirements which are especially pertinent to scrap tire surfacing material grant awards made by the Missouri Department of Natural Resources (department), Waste Management Program (WMP). These general terms and conditions do not set out all of the provisions of the applicable laws and regulations, nor do they represent an exhaustive list of all requirements applicable to this award. A certain number of these requirements are emphasized here because they are frequently invoked and their violation is of serious concern. Definitions of terminology used within these general terms and conditions are set forth in Section III of this document.

These general terms and conditions apply to scrap tire surfacing material grant applications approved, signed, and dated by the grantee organization's authorized official for use of Solid Waste Management Fund, Scrap Tire Subaccount Funds (Subaccount 0569).

A. Use and Award of Solid Waste Management Fund, Scrap Tire Subaccount Funds

1. All grant funds shall be used for rubber mats, pour-in-place rubber material, or rubber mulch (non-playground) as approved by the WMP.
2. The grantee agrees to hold the department harmless as a result of any injury that may occur from or related to the use of the scrap tire surfacing material.
3. Any funds awarded and disbursed to a grantee, which are not expended for the purpose for which the funds were awarded, will be repaid by the grantee to the WMP for deposit into the Scrap Tire Subaccount.
4. Scrap Tire Surfacing Material Grant funds may be withheld or may be required to be repaid if the grantee has an unresolved audit or review with significant findings or questioned costs.
5. In consideration for the ability to use Scrap Tire Subaccount monies, the grantee agrees to comply with all applicable terms and conditions of the Financial Assistance Agreement (Agreement) and any documents incorporated therein, including these general terms and conditions.
6. The Agreement is not and shall not be transferrable to any person or entity.

B. Project and Budget Periods

The grant and budget period shall cover up to a one year time period, unless otherwise approved by the WMP.

C. Method of Payment

1. Grant funds shall not be remittable until a fully executed original Financial Assistance Agreement has been returned by the grantee to WMP.
2. The grantee organization shall have 21 days from the date of the Award Announcement is received to sign, date, and return one original Financial Assistance Agreement to the department.
3. If the signed and dated Financial Assistance Agreement is not received by the department within the 21 day period, the Agreement shall be null and void at the option of the department's WMP.
4. The grantee must be in compliance with all reporting requirements to receive disbursements of

Scrap Tire Subaccount funds.

5. Payments from WMP to the grantee.

- a. Grant funds awarded to the grantee are remittable to the grantee by the WMP for all allowable and eligible approved expenditures for purchase of scrap tire surfacing materials as identified in the approved application, required attachments, and supporting documentation, if applicable.
- b. In order to receive reimbursement of allowable and eligible approved expenditures, the grantee shall submit an original invoice for payment to the WMP as agreed upon per the fully executed Agreement. No remittances shall be made for expenditures incurred before the WMP approved start date or after the close date of the project period.
- c. Invoices submitted by a grantee to the WMP must:
 - i. Provide the grantee name, address, project number, project period, and the amount of Scrap Tire Subaccount funds requested for reimbursement and if applicable;
 - ii. Include as attachments, copies of paid receipt(s) from the vendor(s) proving total cost of the project and copies of the front and back of cancelled check(s) used to pay for the scrap tire materials for which the grantee is requesting reimbursement;
 - iii. All reimbursement requests must have the following signed certification by the grantee's authorized official: I certify to the best of my knowledge and belief the above data is correct, and all outlays were made in accordance with the Agreement, and that payment is due and has not been previously requested; and
 - iv. Advance payments may only be made upon a showing of good cause or special circumstances, as determined by the WMP. Advance payments will only be made on a monthly basis to cover estimated expenditures for a 30 day period or as otherwise agreed.
- d. The final reimbursement invoice from the grantee to the department must include proof-of-payment suitable to the department and must be received within 90 days of the close of the Agreement. Any funds remaining after this 90 day allowance period shall be disencumbered and shall no longer be available for reimbursement to the grantee.

D. Withholding of Grant Funds

1. The WMP may withhold or reduce grant awards until the grantee is in compliance with the following:
 - a. Solid Waste Management Law and Regulations;
 - b. All general and special terms and conditions of the grantee's Agreement with the department;
 - c. Significant audit findings including questioned costs and resolution plans; and
 - d. All reporting requirements detailed in 10 CSR 9.030, Scrap Tire Grants.
2. The WMP may immediately withhold funds for significant audit findings. For other issues, the WMP shall provide written notice of noncompliance prior to the withholding of funds, and such notice shall allow a minimum of 30 days for the grantee to submit the documentation or conduct other tasks as indicated in the WMP's notice.
3. For receipt of reports, the WMP shall use the postmark date as the date of performance. If no postmark date is available, the WMP shall use the date the WMP receives the report.

4. For questioned costs that the WMP determines to be inappropriate or unnecessary, the grantee shall repay the WMP within 60 days of the WMP's written request.
5. For funds withheld or repaid by a grantee, the WMP may make these funds available to other eligible grantees.

E. Retention and Custodial Requirements For Records

1. The grantee shall retain financial records, supporting documents, and other records pertinent to the grant for a period of five years starting from the date of submission of the final financial status report.
2. If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the five year period, the grantee shall retain records until completion of the action and resolution of all issues which arise from it, or until the end of the regular five year period, whichever is later.
3. The rights to access such records must not be limited to the required retention period but shall last as long as the records are retained.
4. Any representative of the department shall have the right to visit the project site(s) at any time during the Agreement period.
5. The WMP and the Missouri State Auditor's Office or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers, or other records of the grantees which are pertinent to the grant, in order to make audits, examinations, excerpts, and transcripts.
6. The grantee's records shall be maintained as public records pursuant to Chapter 610, RSMo.

G. Financial Management and Reporting

1. Financial Reporting. Accurate, current, and complete disclosure of financial results of financially assisted activities must be kept.
2. Accounting Records. Maintain records which adequately identify the source and application of funds provided for financially assisted activities. These records must contain information pertaining to grant awards and authorizations, restrictions on use of funds, permit preparation of reports required by the WMP, permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes and regulations.
3. Internal Control. The internal control structure provides reasonable assurance that assets are safeguarded and must assure that assets are used solely for authorized purposes.
4. Allowable Costs. State agency program rules and regulations, and the grant scope of work will be followed in determining the reasonableness and allowability of costs. The grantee is responsible for ensuring proper use of funds from the Scrap Tire Subaccount. The Grantee shall repay the amount of any improperly expended funds to the WMP.
5. Eligible and Ineligible Costs. Eligible costs are limited to the material itself and any associated delivery costs.
6. Source Documentation. Accounting records must be supported by such source documentation as canceled checks, paid bills, payrolls, time and attendance records, and grant award documents. Appropriate electronic verification of cleared checks may also be considered source documentation in lieu of actual cancelled checks. The documentation must be made available by

the grantee at the WMP's request.

7. Final Project Report(s). The department shall have the right to terminate the Agreement in the event the grantee fails to submit the final report within the required timeframes.
 - a. Project status. The grantee shall provide:
 - i. The project number, project name, and project period;
 - ii. The details of progress addressing the project's scope of work and time line;
 - iii. The details of any problems encountered;
 - iv. A signature and date attesting to the contents of the report.
 - b. Final Project Report. The grantee shall submit to the WMP a final report for the project that shall contain the same information as described for project status in G.7.a. The final report shall be due within 30 days of the end of the project.

H. Other Audits, Examinations or Reviews

The WMP or its designees have the right to conduct audits, examinations or reviews of grantees at any time.

1. Audits or examinations must confirm that records accurately reflect the operations of the grantee, the internal control structure provides reasonable assurance that assets are safeguarded, and the grantee is in compliance with applicable laws and regulations.
2. For questioned costs that the WMP determines to be inappropriate or unnecessary, the grantee shall repay the WMP.

I. Mandatory Disclosures

Grantees receiving grant funding from the Scrap Tire Subaccount shall identify the department as a funding source on all publications and other printed materials which are intended for distribution.

1. Identification shall include the department's logo with the full "Missouri Department of Natural Resources" name.
2. This requirement applies to publications, news releases, videos, displays, signs, and all other project material from which information may be obtained by reading, watching, hearing, or simply seeing the material.
3. Camera ready copies of the department logo will be provided to any grantee requesting the copies from the WMP.
4. For other projects, such as audiocassette tapes, compact disks, flash drive or other media and news releases, the department shall be identified audibly by including its full name. Guidelines pertaining to placement of logos along with the "Missouri Department of Natural Resources" name and audible identification of the "Missouri Department of Natural Resources" can be obtained from the WMP.

J. Procurement Standards

1. Grantees shall use their own procurement procedures provided that procurement conforms to standards set forth in the "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments", "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, or Other Non-Profit Organizations", or 34.040, RSMo, State Purchasing and Printing, as applicable.
2. The grantee agrees that any contract or interagency agreement to be procured under this award

which was not included in the approved work plan must receive formal WMP approval prior to expenditure of funds associated with that contract or interagency agreement.

K. Employment

1. Pursuant to 285.530 (1), RSMo as a condition for the award of any grant, subgrant, contract, or subcontract in excess of \$5,000, no grantee shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.
2. The grantee shall only utilize personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
3. Pursuant to section 285.530, RSMo, if the grantee meets the section 285.525, RSMo, definition of a "business entity" included in Exhibit A and available on the Internet at <http://www.moga.mo.gov/statutes/C200-299/2850000525.HTM>, the grantee must affirm the entity's enrollment and participation in the E-Verify federal work authorization program with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services requested herein. The grantee shall complete applicable portions of Exhibit A, Business Entity Certification, Enrollment Documentation, and Affidavit of Work Authorization. The applicable portions of Exhibit A must be completed, notarized, and submitted prior to award of a grant.
4. If the grantee is found to be in violation of this requirement or the applicable state, federal, and local laws and regulations, and if the department has reasonable cause to believe that the grantee has knowingly employed individuals who are not eligible to work in the United States, the department shall have the right to cancel the grant immediately without penalty or recourse and suspend or debar the grantee from doing business with the department or State of Missouri. The department may also withhold up to 25 percent of the total amount due to the grantee.
5. The grantee shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.

L. Conflicts of Interest

1. No party to this grant, nor any officer, agent, or employee of either party to this grant, shall participate in any decision related to such grant which could result in a real or apparent conflict of interest, including any decision which would affect their personal or pecuniary interest, directly or indirectly.
2. The grantee is advised that no state employee or former state employee, as defined in Chapter 105, RSMo, shall perform any service for consideration paid by the grantee for one year after termination of the employee's state employment by which the former state employee attempts to influence a decision of a state agency. A state employee who leaves state employment is permanently banned from performing any service for any consideration for any person, firm or corporation after termination of his or her office or employment in relation to any case, decision, proceeding or application with respect to which he or she was directly concerned or in which he or she personally participated during the period of his or her service or employment with the state.

M. State Appropriated Funding

1. The grantee agrees that funds expended for the purposes of this grant must be appropriated and made available by the Missouri General Assembly for the fiscal year included within the grant period, as well as being awarded by the state agency supporting the project. Therefore, the grant shall automatically terminate without penalty or termination costs if such funds are not appropriated or granted.
2. In the event that funds are not appropriated or granted for the grant, the grantee shall not prohibit

or otherwise limit the WMP's right to pursue alternate solutions and remedies as deemed necessary for the conduct of state government affairs. The requirements stated in this paragraph shall apply to any amendment or the execution of any option to extend the grant.

N. Eligibility, Debarment and Suspension

By applying for this award, the grantee verifies that it, its board of directors, and all of its principals are currently in compliance with all state and federal environmental laws including those referenced below and court orders issued pursuant to those laws, and that all environmental violations have been resolved (for example, no pending or unresolved Notices of Violation (NOV)) at the time of application.

1. If compliance issues exist, the grantee shall disclose to the WMP all pending or unresolved violations noted in an NOV, administrative order, or civil and criminal lawsuit, but only where those alleged violations occurred in the past two years in the State of Missouri.
2. The WMP will not make any award at any time to any party which is debarred or suspended, under federal or state authority, or is otherwise excluded from or ineligible for participation in federal assistance under Federal Executive Order 12549, "Debarment and Suspension."
3. The grantee shall complete a Debarment/Suspension form when required by the WMP. Furthermore, the grantee is also responsible for written debarment/suspension certification of all subcontractors receiving funding through a state funded grant.

O. Restriction on Lobbying Costs

Lobbyists as defined in section 105.470, RSMo, and related costs are ineligible for grant funds.

P. Recycled Paper

The grantees receiving Scrap Tire Subaccount monies are required to use recycled paper consisting of at least 30 percent post-consumer waste for all reports and materials which are prepared as part of this grant award and delivered to the WMP or otherwise distributed as part of this grant.

1. If paper containing 30 percent post-consumer material is not reasonably available, does not meet reasonable performance requirements, or is available at an unreasonable price, then the grantee shall use paper containing no less than 20 percent post-consumer material.
2. The chasing arrows symbol representing the recycled content of the paper will be clearly displayed on at least one page of any materials provided to any and all parties other than the WMP.
3. This requirement applies even if the cost of recycled paper is higher than that of virgin paper.

Q. Contracting with Small and Minority Firms, Women's Business Enterprise, and Labor Surplus Area Firms

1. In order for the WMP to meet the provisions of Executive Order 05-30, it is desired the grantees secure participation of certified MBEs and WBEs in providing the products or services obtained with grant funds. The targets of participation recommended by the State of Missouri are 10 percent MBE and five percent WBE of the total dollar value of the products or services obtained.
2. The grantee agrees to take all necessary affirmative steps required to assure that small and minority firms, women's business enterprises and labor surplus area firms are used when possible as sources when procuring supplies, equipment, construction and services related to the grant. The grantee agrees to include information about these requirements in solicitation documents. Affirmative steps shall include:

- a. Placing qualified small and minority businesses and women's business enterprises on

solicitation lists;

- b. Ensuring that small and minority and women's business enterprises are solicited whenever they are potential sources;
- c. Dividing total requirements, when economically feasible, into small tasks or quantities to permit maximum participation by small and minority and women's business enterprises;
- d. Establishing delivery schedules, where the requirements of work will permit participation by small and minority and women's business enterprises;
- e. Using the services of the Small Business Administration and the Minority Business Development Agency of the U.S. Department of Commerce; and
- f. Requiring any prime contractor or other grantee, if subgrants are to be allowed, to take the affirmative steps in subparagraphs a. through e. of this section.

R. Later Disallowances and Adjustments

The closeout of a grant does not affect:

1. The WMP's right to disallow costs and recover funds on the basis of a later audit or other review.
2. The grantee's obligation to return any funds due as a result of later refunds, corrections, or other transactions.
3. Records retention as required by section E above.
4. The WMP's right to conduct other audits, reviews, and examinations in section H.

S. Dispute Resolution

1. The grantee and the WMP shall attempt to resolve disagreements concerning the grantee's project performance including reporting requirements.
2. If an agreement cannot be reached within 90 days of the issuance of the notice of noncompliance, the department's WMP director will provide a written decision. Such decision of the WMP director shall be final unless a request for review is submitted to the department's Division of Environmental Quality (DEQ) director within 30 days of the receipt of the WMP director's decision. The DEQ director shall provide a final decision within 30 days of the receipt of the grantee's request. Such grantee request shall include:
 - a. A copy of the WMP director's written decision;
 - b. A statement of the amount in dispute;
 - c. A brief description of the issue(s) involved; and
 - d. A concise statement of the objections to the final decision.
3. A decision by the DEQ director shall constitute final department action.

T. Termination

1. Termination for Cause.

By the department:

- a. The department may terminate any grant, in whole or in part, at any time before the date of completion whenever it is determined that the grantee has failed to comply with the terms

and conditions of the grant.

- b. The department shall promptly notify the grantee in writing of such a determination and the reasons for the termination, together with the effective date.
- c. The department reserves the right to withhold all or a portion of grant funds if the grantee violates any term or condition of the grant.

2. Termination for Convenience.

The department or the grantee may terminate the grant, in whole or in part, when the parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds.

3. This grant is not transferable to any person or entity.

U. Enforcement: Remedies for Noncompliance

If a grantee falsifies any award document, fails to maintain records or submit reports, refuses the WMP access to records, fails to meet the WMP's performance standards, or materially fails to comply with any term of the grant or award, then the WMP may take one or more of the following actions, as appropriate:

1. Suspend or terminate, in whole or part, the award or grant of current or future funds.
2. Disallow all or part of the cost of the activity or action not in compliance.
3. Temporarily withhold cash payments pending grantee's correction of the deficiency.
4. Withhold further awards from the grantee.
5. Compel the repayment of funds provided to the grantee pursuant to the award or grant.
6. Order the grantee not to transfer ownership of assets purchased with grant funds without prior WMP approval.
7. Pursue any other remedies that may be legally available, including cost recovery, breach of contract, and suspension or debarment with respect to the grantee.

V. Grantee's Signature

In consideration for the ability to utilize Scrap Tire Subaccount monies, the grantee's signature on the application, Agreement, and other award documents signify the grantee's agreement to all of the terms and conditions of the award which include the Agreement and the documents incorporated therein, including these general terms and conditions.

II. Statutory Requirements

The grantees must comply with all federal, state and local laws relating to environmental compliance, employment, nondiscrimination, construction, research, and other activities associated with grants from the department including, but not limited to those referenced in Sections A through K below. Failure to abide by these laws, or their implementing regulations, may trigger the remedies for noncompliance set forth in Section I.T. above. For a copy of state and federal laws that typically apply to grants from the WMP, contact the WMP Operations Section.

Any grantee, in connection with its application for financial assistance, shall certify that the grantee, its board of directors and principals are in compliance with the specific federal and state employment and

nondiscrimination laws set out below. Further, the grantee shall report to the WMP any instance in which the grantee or any member of its board of directors or principals is determined by any administrative agency or by any court in connection with any judicial proceeding to be in noncompliance with any of the specific federal or state laws set forth below. Such report shall be submitted within 10 working days following such determination. Failure to comply with the reporting requirement may be grounds for termination of this grant or suspension or debarment of the grantee.

A. Laws and regulations related to nondiscrimination and employment:

1. Chapter 213 of the Missouri Revised Statutes, which prohibits discrimination on the basis of race, color, religion, national origin, sex, age, and disability;
2. Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, as amended, which prohibits discrimination on the basis of race, color or national origin;

6. The National Historic Preservation Act of 1966, 16 U.S.C. § 470 et seq., as amended, relating to the preservation of historic landmarks.

III. Definitions

As used in these general terms and conditions:

- A. "Accrued expenditures" mean the charges incurred by the grantee during a given period requiring the provision of funds for: (1) Goods and other tangible property received; (2) Services performed by employees, contractors, subgrantees, subcontractors, and other payees; and (3) Other amounts becoming owed under programs for which no current services or performance is required, such as annuities, insurance claims, and other benefit payments.
- B. "Accrued income" means the sum of: (1) Earnings during a given period from services performed by the grantee and goods and other tangible property delivered to purchasers, and (2) Amounts becoming owed to the grantee for which no current services or performance is required by the grantee.
- C. "Administrative requirements" mean those matters common to grants in general, such as financial management, kinds and frequency of reports, and retention of records. These are distinguished from programmatic requirements, which concern matters that can be treated only on a program-by-program or grant-by-grant basis, such as kinds of activities that can be supported by grants under a particular program.
- D. "Awarding agency" means (1) with respect to a grant, the WMP of the department, and (2) with respect to a subgrant, the party that awarded the subgrant.
- E. "Competitive bid process" means the procurement of goods or services that follows the guidelines outlined in 1 CSR 40.
- F. "Contract" means (except as used in the definitions for grant and subgrant in this section) a procurement contract under a grant or subgrant, and means a procurement subcontract under a contract.
- G. "Financial Assistance Agreement or FAA" refers to the agreement entered into by the WMP and the grantee and includes these general terms and conditions and other incorporated documents.
- H. "Government" means the federal, state or local government.
- I. "Grant" means an award of financial assistance, including cooperative agreements, in the form of money to an eligible grantee.
- J. "Grantee" means the government or other entity to which a grant is awarded and which is accountable for the use of the funds provided. The grantee is the entire legal entity even if only a particular component of the entity is designated in the grant award document.
- K. "Local government" means a county, municipality, city, town, township, local public authority school

district, special district, intrastate district, council of governments (whether or not incorporated as a nonprofit corporation under State law), any other regional or interstate government entity, or any agency or instrumentality of a local government.

- L. "Missouri Department of Natural Resources or department" refers to the Missouri Department of Natural Resources including its agents, successors, or assignees.
- M. "Obligations" means the amount of orders placed, contracts and grants awarded, goods and services received, and similar transactions during a given period that will require payment by the grantee during the same or a future period.
- N. "Outlays or Expenditures" mean charges made to the project or program. They may be reported on a cash or accrual basis. For reports prepared on a cash basis, outlays are the sum of actual cash disbursement for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the amount of cash advances and payments made to contractors and subgrantees. For reports prepared on an accrued expenditure basis, outlays are the sum of actual cash disbursements, the amount of indirect expense incurred, the value of in-kind contributions applied, and the new increase (or decrease) in the amounts owed by the grantee for goods and other property received, for services performed by employees, contractors, subgrantees, subcontractors, and other payees, and other amounts becoming owed under programs for which no current services or performance are required, such as annuities, insurance claims, and other benefit payments.
- O. "Project" means all approved components of an organized undertaking described in a proposal, including any supporting documents as required by project type.
- P. "Share, when referring to the awarding agency's portion of the project" means the same percentage as the awarding agency's portion of the acquiring party's total costs under the grant to which the acquisition costs of the asset was charged. Only costs are to be counted--not the value of third-party in-kind contributions.
- Q. "Solid Waste Management Fund or SWMF" means the fund created in section 260.330, RSMo, to receive the tonnage fee charges submitted by sanitary and demolition landfills for waste disposed of in Missouri and transfer stations for waste transported out of state for disposal.
- R. "Scrap Tire Subaccount" means the subaccount created pursuant to section 260.273 RSMo of the Solid Waste Management Fund (created by section 260.330 RSMo) to receive the fee charged for each new tire sold at retail in Missouri.
- S. "State" means the State of Missouri or any agency or instrumentality of the state.
- T. "Match funds" means the portion of a project or program costs that are not borne by a funding source other than the granting agency. Most government grants require matching financial participation by the applicant. In some cases, the granting agency encourages but does not dictate the percent of match. In other instances, the granting agency specifies a minimum match (e.g. 25% or 50% of the total project cost).
- U. "Subgrant" means an award of financial assistance in the form of money made under a grant by a grantee to an eligible subgrantee. The term includes financial assistance when provided by contractual legal agreement, but does not include procurement purchases.
- V. "Subgrantee" means the government or other legal entity to which a subgrant is awarded and which is accountable to the grantee for the use of the funds provided.
- W. "Supplies" means all tangible personal property other than equipment, building or building site improvements, as defined in this part.

- X. "Suspension" means depending on the context, either (1) temporary withdrawal of the authority to obligate grant funds pending corrective action by the grantee or a decision to terminate the grant, or (2) an action taken by the WMP to immediately exclude a person from participating in grant transactions for a period, pending completion of an investigation and such legal or debarment proceedings as may ensue.
- Y. "Termination" means permanent withdrawal of the authority to obligate previously-awarded grant funds before that authority would otherwise expire. It also means the voluntary relinquishment of that authority by the grantee or subgrantee. Termination does not include: (1) Withdrawal of funds awarded on the basis of the grantee's underestimate of the unobligated balance in a prior period; (2) Withdrawal of the unobligated balance as of the expiration of a grant; (3) Refusal to extend a grant or award additional funds, to make a competing or noncompeting continuation, renewal, extension, or supplemental award; or (4) Voiding of a grant upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.
- Z. "Terms of a grant or subgrant" mean all requirements of the grant or subgrant, whether in statute, regulations, the award document, or any documents incorporated therein.
- AA. "Unliquidated obligations for reports prepared on a cash basis" means the amount of obligations incurred by the grantee that have not been paid. For reports prepared on an accrued expenditure basis, they represent the amount of obligations incurred by the grantee for which an outlay has not been recorded.
- AB. "Unobligated balance" means the portion of the funds authorized by the WMP that has not been obligated by the grantee and is determined by deducting the cumulative obligations from the cumulative funds authorized.
